Please remember, if you pay your credit card account electronically from another bank, the payment will only reflect in your credit card account 24 to 48 hours later.

Because the Reserve Bank rate has increased by 0,25% on 18/11/2021, your card interest rate has also changed. The table at the end of your statement has more details.

In terms of the Currency and Exchanges Manual for authorised dealers, South African residents may not use their credit or debit cards to buy foreign lottery tickets or to pay for online gambling transactions.

The person in whose name the credit or debit cards have been issued, may make foreign exchange payments for certain transactions, for example online purchases that are imported. These types of transactions are limited to R50 000 per transaction (subject to the amount available on these cards).
